

KASHISH GUNARDIA

AI/ML Engineer | Generative AI & Agentic AI | NLP & RAG Developer | UI/UX Design
kgunardia@gmail.com | +91 9549429981 | Jaipur, Rajasthan | LinkedIn | GitHub

PROFESSIONAL SUMMARY

AI/ML Engineer with hands-on experience building production-grade RAG systems, Agentic AI workflows, NLP pipelines, and LLM-powered applications. Skilled in Python, LangChain, LangGraph, FastAPI, FAISS, Hugging Face, and Redis. Experienced in designing AI agents with tool use and multi-step reasoning, building embedding pipelines, and deploying scalable REST APIs. Additional expertise in UI/UX design via Figma — designed full product interfaces for AI applications. Targeting AI/ML Engineer or Generative AI Developer roles at product-first companies.

KEY SKILLS

Languages: Python, SQL, JavaScript, C++

Agentic & GenAI: AI Agents, LangChain, LangGraph, LangSmith, RAG, Prompt Engineering, LLMs, GPT, Llama, Hugging Face

Vector & Retrieval: FAISS, ChromaDB, Redis, Semantic Search, Vector Embeddings, Embedding Pipelines

Backend & APIs: FastAPI, REST APIs, GraphQL, Streamlit, Git, GitHub, Docker (basic)

AI / ML: Machine Learning, Deep Learning, NLP, TensorFlow, Keras, Scikit-learn, LSTM, BERT

Design: Figma, UI/UX Design, Dashboard Design, Brand Creatives, Power BI, Pandas, NumPy, Matplotlib

WORK EXPERIENCE

Junior AI/ML Engineer Intern | IMG Global Infotech

Jan 2026 – Apr 2026

- Built end-to-end RAG systems and Agentic AI applications using LangChain, LangGraph, FastAPI, ChromaDB, Redis, and Hugging Face; integrated with product backends and third-party APIs.
- Designed and implemented embedding pipelines with chunking strategies and vector search (FAISS, ChromaDB) for accurate semantic retrieval and context-aware AI interactions.
- Developed and deployed scalable REST APIs using FastAPI for AI application backends; delivered NLP and GenAI solutions for document intelligence, conversational AI, and workflow automation.

Research Engineer Trainee | Zeetron Networks

May 2024 – Jul 2024

- Applied Pandas, NumPy, and Matplotlib for EDA, feature engineering, and model evaluation using Scikit-learn on real-world datasets; communicated insights through structured analytical reports.

PROJECTS

NeuroCare AI (Ongoing) — AI-Powered Mental Health Assistant *Tech: Python, FastAPI, LangChain, FAISS, BERT, Groq API, Redis, Streamlit, Figma*

- Built an Agentic AI mental health assistant using RAG, LangChain, and FAISS — designed AI agents with multi-step reasoning for emotion recognition, sentiment analysis, and risk assessment workflows.
- Implemented embedding pipeline with BERT and FAISS for semantic retrieval; Redis-based conversational memory for multi-session context persistence and Groq LLM response generation.
- Designed the complete product UI/UX in Figma — wellness dashboard, mood tracker, chat interface, and risk assessment flows — then built the full backend with FastAPI and Streamlit.

TransLearn — RAG-Based EdTech Platform *Tech: Python, LangChain, LangGraph, LangSmith, OpenAI API, Streamlit*

- Developed an AI EdTech platform using RAG and LangChain/LangGraph to auto-generate MCQs, PDF summaries, and audio summaries from YouTube videos; integrated with OpenAI API backend.

RAG-Based Movie Recommendation System *Tech: LangChain, ChromaDB, Redis, Llama 3.1, Hugging Face, Groq API*

- Context-aware RAG recommendation engine with semantic search on IMDB data using sentence transformers, vector embeddings, Redis multi-session memory, and mood-based filtering.

Toxicity Detection System — NLP & Deep Learning *Tech: Python, TensorFlow, Keras, LSTM, Streamlit*

- Multi-label text classification using LSTM, TensorFlow, and Keras — end-to-end ML pipeline (preprocessing → tokenization → training → evaluation) with live Streamlit inference app.

EDUCATION

Bachelor of Computer Applications (Data Science)

2023 – 2026

JECRC University, Jaipur, Rajasthan

Class XII — Kendriya Vidyalaya

2022 – 2023

Class X — Emmanuel Mission Secondary School

2020 – 2021

CERTIFICATIONS & ACHIEVEMENTS

- Frontend Developer Certification — Coding Blocks (Jul 2025)
- Special Mention for extraordinary participation in JECRC University events
- Core Team Member, Aasahyein — Social initiative for blood and SDP donations
